

**ABRACON**

[www.abracon.com](http://www.abracon.com)

A Global manufacturer of passive and electromechanical components, specializing in frequency control, timing, RF, antenna, and power solutions. including Frequency Control, Timing, Power, Magnetics, RF and Antenna solutions.

**DB UNLIMITED**

[www.dbunlimitedco.com](http://www.dbunlimitedco.com)

Leading audio solutions provider committed to maximizing customer designs by helping solve engineering design challenges. With over 40 years of experience resulting in an array of innovative & comprehensive technical solutions of acoustic components

**Astrodyne TDI**

[www.astrodynetdi.com](http://www.astrodynetdi.com)

Astrodyne TDI designs and manufactures innovative solutions in AC/DC power supplies, UPC, custom magnetics and EMI/EMC filters supporting demanding Industrial, Aerospace, Medical & Military applications. Ranges of power from 1W to 500kW

**KOA**  
KOA SPEER ELECTRONICS, INC.

[www.koaspeer.com](http://www.koaspeer.com)

World leader in thick film resistors. Product line is broad and growing, now including shunt/current sense resistors, wide terminal & high voltage resistors, thin film chip \$ surge resistors, as well as anti-sulfur chip.

**SONG CHUAN**

[www.songchuanusa.com](http://www.songchuanusa.com)

Song Chuan is a world class provider manufacturer of power electromechanical relays with over 50+ years of experience. Founded in 1974, providing switching solutions for Industrial, Automotive, Appliance, HVAC, Power and Green Energy Applications.

**Greenconn**

[www.greenconn.com](http://www.greenconn.com)

Dedicated to providing PCB-mounted connectivity solutions while maintaining environmental sustainability standards, Greenconn connects innovative technologies in the industrial, automotive and consumer segments. Operating in China, Vietnam, Germany, Japan and the USA, Greenconn strictly adheres to international standards; ISO 9001, IATF 16949, and ISO13485.

**NANOFLOWX**  
ADVANCED NANOCOATINGS

[www.nanoflowx.com](http://www.nanoflowx.com)

NanoFlowX coating for electronics are nanometer ultra thin coatings for electronics components that are invisible and seamless. Allows charges to tunnel through insulating space.

Perfecting the Art of Electronics  
**ALPS**

[www.alpsalpine.com/na](http://www.alpsalpine.com/na)

Recognized as a Global Technology Innovator. Core focus areas are Human Machine Interface, Sensing, Connectivity and Green devices. Precise Force sensors, compact digital humidity sensors, & ultra miniature Bluetooth®.

**ZERO**

[www.zerocases.com](http://www.zerocases.com)

ZERO has been a world supplier of protective cases and enclosures. ZERO's specialties include quality, deep-drawn and fabricated aluminum and molded plastic cases, enclosures and assemblies for the aerospace, industrial, medical, oil and gas, logistics, electronics and telecommunications markets

**VOXPOWER**

[www.vox-power.com](http://www.vox-power.com)

Manufacturer of AC/DC power solutions for industrial, medical and technology. Provides a broad range of state-of-the-art modular configurable and conduction cooled power supplies with the highest power density available on the market.

**ATTEND**  
Connect to Your Success

[www.attend.com.tw.com](http://www.attend.com.tw.com)

Dedicated to delivering comprehensive connectivity solutions worldwide including a wide range of memory card sockets, PCB card sockets, I/O connectors, and cable assemblies. Wide range of applications across diverse sectors, including industrial, networking, transportation and consumer electronics.

**ICONN**  
SYSTEMS, LLC

[www.iconnsystems.com](http://www.iconnsystems.com)

ICONN Systems, LLC is a custom engineered interconnect solutions design company that focuses on the manufacturing of electrical and electronic connectors, overmolded and discrete cable assemblies and value added turnkey products.

**LITEON**

<http://optoelectronics.liteon.com>

LITEON is a worldwide leading provider of optoelectronics, information technology and storage devices components. Manufacturer of Optoelectronic components including SMD, LED lamps; LED Displays, infrared LED's, Photo detectors, Opto switches and Opto Couplers.

**nanopower**  
semiconductor

[www.nanopowersemi.com](http://www.nanopowersemi.com)

A fabless semiconductor company that redefines low power for microelectronics, enabling large-scale and environmentally sustainable deployment of electronic devices and networks. Specializing in ultra-low power microelectronics particularly for battery powered and IoT devices.

**MPS**  
Monolithic Power Systems

[www.monolithicpower.com](http://www.monolithicpower.com)

Delivers highly integrated monolithic products that offer energy efficient & cost-effective solutions. DC/DC converters, LED drivers, Class-D audio amplifiers, batter chargers, USD, current-limit switches & Ac/DC offline products.

**BYTe**  
Semiconductor

[www.byte-semi.com](http://www.byte-semi.com)

BYTe Semiconductor is a fabless IC design company focusing on researching, developing, promoting, and selling non-volatile memory products. Utilizing both ETOX and SONOS Flash memory technology

**analogix**  
Bring Vision to Life

[www.analogix.com](http://www.analogix.com)

A global leader in designing high-performance mixed-signal semiconductors. Analogix IP cores, full custom ASICs, and off-the-shelf digital media ICs provide end-to-end connectivity through industry-standard interfaces such as DisplayPort and HDMI.

**SEAL SQ**  
semiconductors + quantum

[www.sealsq.com](http://www.sealsq.com)

With 25 years of market expertise SEAL SQ offers a comprehensive range of secure elements, smart card products and open ARM platforms. Offering the most advance standards of security including Quantum-proof cryptography and developing certified secure microcontrollers.
